

The convenient way for your pipetting applications

WITOPET economy is the classical microliter pipette perfectly designed for rapid and comfortable pipetting in 96 well plates.

Dosing button

The dosing button guarantees perfect dosing results until the end of a pipetting phase, even for beginners. The push button with integrated adjustment screw makes changing the volume by mistake during pipetting almost impossible.

Finger rest & pipette holder

The large finger rest supports your whole hand during pipetting. It has also the function of a pipette holder in combination with the original support – for a safe and tidy workplace.

Volumetric display

The 3-digit display is easy to read and suitable for volumes from 0.5 - 300 µl.

Tip ejector

The tip ejector releases the used tip easily.

360°

Pipetting unit

We used efficient components for high accuracy and precision in accordance with ISO standards. The pipetting unit can be turned around (360°) for increased flexibility.

Reliable technique

The integrated mechanism is working properly every time **WITOPET economy** is used.

Tip cones

The tip cones are suitable for all established brands of pipette tips.
